1.6 Scoring:

- 1.6.1 Points system - Points will be awarded to competitors who complete at least one competitive run.

The points awarded will be as a percentage of the best in classes' time, rounded to the nearest whole number, with the best in class being awarded 100pts. For example the best in class time is 55.33 secs and the championship contender records 58.65 secs he/she will score 94pts, this being $100 - 6$, where the 6 is the percentage over the class winning time.

Where there are less than 5 competitors in a class, based upon those who practise, points will be deducted as follows; 4 in class deduct 2 pts, 3 in class deduct 4 pts, 2 in class deduct 6 pts and 1 in class deduct 8 pts.

A competitors best 10 scores will count towards the overall and class awards.

Where events run to a different class structure the results will be adjusted and scored according to the competitor's registered class.

A competitor may only score points in the class(es) in which he/she has registered for the championship. A change of class is allowed upon written notification to the championship co-ordinator, but all points scored in a previous class will be wiped out. Points will only be awarded for events taking place after the notification is received.

The championship results will be maintained by the co-ordinator, who will issue periodic updates and issue all registered contenders with final championship positions at the end of the season.

- 1.6.2 Resolving Ties - In the event of a tie for a championship or class award, this will be decided in the favour of the competitor who has scored the most firsts in class and then seconds in class etc.
- 1.6.3 Championship Points Appeal - see C.6.5.1 of the 2016 MSA Yearbook.
